Dear Donna Cangemi,

Thank you for your email and interest in knowing more about me as a candidate who would like to represent Macomb County families.

Can you please tell me more about these "screenings"? **Members of the screening committee, similar to the MEA panel, ask questions to candidates. In this case, those questions will focus on right to work, privatization, just to give you a few examples.**

What is involved? Is there a panel like the MEA? **You schedule an appointment that last approximately 10 minutes. The panel, usually made up of 3-4 members, will ask questions. After all candidates have been screened, a recommendation is made to endorse, make no endorsement or not endorse.**

Are you seeking answers, commitments, or something else? **Only answers, no commitment.**
What is the latest time slots you have available? **I have a 6:00 pm slot available.**

What are your members specific areas of concern? **Members are concerned about job security, privatization, right to work, pay increases, protection of their health care and retirement.**
What would you like to see from the County Executive & Commissioners? **A working relationship with labor on the above issues and others.**

Kind regards,

Ms. Erin A. Stahl, BS, MSF
